Rigor

We value excellence and believe in artistically significant work. Our community continually shapes and reshapes important conversations about arts and letters.

Responsiveness

We strive to create a welcoming and generative environment supportive of artists. By providing individuals the resources they need to thrive, we hope to enrich people's intellectual, artistic, and aesthetic lives.

Our Mission

The Fine Arts Work Center is an artist-led organization based in Provincetown and connected to the world. We support artistic freedom, nurture creative connections, and make possible artistic achievements important to the larger culture.

Inclusion

We believe that a diversity of voices strengthens our public discourse and that this leads to cultural vibrancy. We work to evolve as an organization that honors our legacy while repairing historic inequities.
